

Save Our Sailing

MALDON YACHT CLUB est 1949

Petition

Maldon District Council have served us with an eviction notice. For 70 years we have been the only dinghy-sailing & kayaking club in Maldon. We have been based at the end of the Prom on reclaimed land for more than 40 years. Our club members are mostly local people aged 9-90 who enjoy a healthy, inexpensive activity in harmony with the environment. The Council intend to replace us with an unsympathetic & artificial landscape of 15 beach huts & a toilet block, using concrete, tarmac & imported sand, all adjacent to a marine conservation zone.

We the undersigned support Maldon Yacht Club in their fight against eviction.
